RAILROAD TRESTLE BRIDGE over Tomacodoo and Transhumation creeks, 10 miles from the mouth of the latter, is inspected by Thomas Gotsky, engineer, Port and Harbor Commission. Bridge crosses two gas lines and has room under four bays for additional lines. Constructed at a cost of \$86,000, the bridge is set on piling, driven 36 to 40 feet into ground, and two-foot thick reinforced concrete pile caps. Crossing is located on spur track from Louisville and Nashville mainline to Mulatto Bayou. (Port and Harbor Commission photograph)

Webb Center Plays Role In Bay St. Louis History

By Joe Pilot

There was a time when Mississippi history was studied in the old Webb School. Now history is being made there. About the only unchanged things around the Webb Center are the magnificent, large and spreading live oak trees. Years ago children played beneath these trees, balls rang for class changes, small boys wore out the knoes of their stockings shooting marbles and playing mumble-pug while small girls wore out their shoes making "hot popper" when jumping rope.

Then the school was closed. The building stood idle, falling into bad repair. There was even talk of demolition. Along came the civic minded citizens -- the culture groups -- the hobby groups in need of a meeting place. Followed the paid-up, fix-up, remodeling program and for a while cars couldn't find enough parking space for their occupants. In front on seeing flower shows, art exhibits, hearing lectures, going to receptions and teas. Mary Loom taught drawing, water coloring and oil painting.

Today? Yes, the trees are the same. That is, almost. Nothing in Bay St. Louis is really

quite the same since last August's hurricane. The Webb Center is different. Petitions have gone up. Lots of them. There are offices with lovely paneled walls, busy typewriters, duplicating machines and the hush and bustle of a modern looking men and efficient file-clerks, stenographers -- the world. These people are busy changing the history of Bay St. Louis. They are changing the way of life for a lot of people and these changes are good.

There's a huge bill-board of a sign on the property that announces in big-ear sized letters INTERIM ASSISTANCE PROGRAM OPERATION U. S. Dept. of Housing and Urban Development. Upstairs Operation U. S. Dept. of Housing and Urban Development is in full swing with Robert E. Reigler at the helm going about the business of processing grants and loans that enable home owners to live in better houses, have better appliances, and get repairs and replacements so urgently needed.

The grant program is terrific. It enables eligible and qualified home owners to get their dwellings fixed up, painted up, and made structurally sound

without paying a single penny! Absolutely free of charge. The loan program is also a very good reason for rejoicing. It enables qualified and eligible borrowers to borrow money at the low-low rate of three percent interest. Not the nervous kind of interest that makes a man uneasy and worried. And, too, there's another offer. It's a combination of the Grant and Loan and it's well worth looking into because it's more tailored to specific needs where repair and replacement costs run into a lot of money.

Getting right down to facts, figures, and faces, Robert Reigler explained the procedure like this: "A man or a couple come into the office and talk to the receptionist. She guides them in to the proper office and somebody helps them with the application form. To qualify for a grant or a loan or a grant-loan combination there are only two requirements. The first one is that the applicant must be owner of

the house and must occupy it. The second thing is -- and this is the real key -- the house must be sub-standard. A sub-standard house simply means any house that doesn't meet the building code requirements. That doesn't always mean a small cottage or a little house that's getting along in years. A big house with a value of \$38,000 or more can be sub-standard and comparable in.

After the application is made, the next step is inspection of the property. The inspector knows his business and he knows the code, so he looks at foundations, roof, porch, rooms, windows and walls, at eaves, exterior trim, siding, ceilings and paint job or lack of it. He looks at light fixtures, hot water heaters, tile, screens, glazing, window sashes and columns. He knows whether there's a refrigerator and what condition it's in and he knows about the stove and whether or not the garage door works. If the house is found to be

sub-standard and if the owner-occupant has a limited income of say \$3,000.00 or less a year, then up to \$3,500 is available as a free grant and up-grading of the house can get under way. But suppose the house is sub-standard and the income is more than \$3,000.00 per year? In that case, explained the program administrator, application can be made to a loan to be repaid in installments and at an interest rate of three percent. "There is no ceiling on these loans", explained Reigler and a person could borrow \$15,000.00 if his application were approved. Are applications coming in?

As of June 15 a total of 309 applications had come in. Drive by and look at the house owned by Mr. and Mrs. Higgins, located at 403 Ballentine Street and the home of Mr. and Mrs. Ridgley Curry at 616 Main Street. Proud and happy home owners occupy each of these dwellings that were made possible with grants running under the \$3,500 ceiling. On the Higgins property some tile was installed, roof was replaced, steps leveled, doors replaced, panelling installed, replaced, panelling and hot water tank installed. The Hig-

gins have a better way of life. The same holds true for the Curry family who have expressed appreciation for the beautiful repairs made on their home as well as the hot water tank, back yard fill and wonderful new refrigerator.

Pride in home ownership goes a long way toward making a good town and or Federal Government is not the plight of many of the people living in Bay St. Louis. Living conditions are turning welcome. Operation U. S. Dept. of Housing and Urban Development is being made. History of the Town for Better People.

GIL LANGLEY son of Mr. and Mrs. Christopher Bell, Decatur, Alabama, was recently made an Eagle Scout, the highest award in Boy Scouting. He began scouting when he joined Waveland Cub Scout Pack 210 when in the second grade at Waveland School. Two years later Gil received the Webelos Rank the highest rank of Cub scouting. He is the grandson of Mr. and Mrs. A. R. Jenkins of Waveland and Dr. Mattie Langley of Jennings, La.

Timber Recovered

Eighty per cent of hardwood and pine pulpwood damaged at the NASA Mississippi Test Facility by Hurricane Camille has been recovered through timber salvage operations.

The U. S. Army Corps of Engineers, Mobile District, agent for MTF in timber management, administered six timber salvage contracts.

An estimated 10,000 cords of timber were blown down. Of those, 8,047 cords, with a value of \$21,820.68, have been sold to local woodyards of the International Paper Company and St. Regis Paper Company. Salvage operations were conducted to remove damaged trees and

to deter infestation of forest insects.

MTF, an element of the George C. Marshall Space Flight Center, Huntsville, Ala., is located in Hancock County, Mississippi.

MR. AND MRS. DAVID TAYLOR all-Taylor Unite United Methodist

Sharon Maleze Hall, daughter of Mr. and Mrs. E. Hall of Bay St. Louis, and David Eugene Taylor, son of Mr. and Mrs. Ula H. Taylor, Gulfport, were married in a ring ceremony June 14 at the Main Street United Methodist Church with Rev. Bernard Walcott, officiating. Arrangements of white flowers and daisies decorated the church. Mrs. Jimmy Wood, pianist, rendered the wedding marches and a number of appropriate selections. Given in marriage by her father, the bride wore a floor length gown of white tulle designed on A-lines with Empire waistline. Alencon appliques adorned the neckline, the bodice with gold pointed sleeves and chapel-length train which from tiny bows at shoulders. Her shoulder veil of silk illusion was held by a cluster of silk orange flower petals centered sprays of lilies of the valley and she carried a bouquet of gladioli with leather leaf.

MR. AND MRS. JAMES V. CLARK AND THEIR YOUNG DAUGHTER GET NEW 3/4 CHEVY PICKUP FROM LAMAR-LANE SALESMAN HERB BARON IN BAY ST. LOUIS, MISS.

One of my buddies Mr. L.A. Carter of Deltale bought a Chevy pickup truck from salesman Herb Baron of Lamar-Lane Chevrolet. So when I mentioned that I needed one he sent me to see Herb Baron at Lamar-Lane Chevrolet, and guaranteed I'd get first class treatment. I did and I'm very happy and satisfied, I'm sending my friends to see Herb Baron at Lamar-Lane Chevrolet just as Mr. Carter did me. If you're thinking about the purchase of a new car or truck, visit Lamar-Lane Chevrolet and ask for Herb Baron, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. JAMES CLARK (A Gerry Lane Enterprise) Adv. Deltale, Miss.

GENERAL ELECTRIC COMPANY

BAY SAINT LOUIS, MISSISSIPPI 39520

TELEPHONE: 601 467-7321

June 1, 1970

Mr. Russell Elliott, President
Hancock County Board of Supervisors
Bay St. Louis, Mississippi

Dear Russell:

We have been immensely gratified by the reception of our program on the future of Hancock County. The GE presentation and recommendations have been endorsed by members of your Board of Supervisors, the Mayors of Bay St. Louis, and Waveland, the Chamber of Commerce, the Rotary, the Junior Chamber of Commerce, the Waveland Civic Association, the SEA COAST ECHO, and many other groups to whom it has been presented. It has already been scheduled by other groups for presentations well into September.

We realize that the most difficult part in the implementation of such a program is always the first step. We believe that the first step in this case should be a carefully measured step forward to prove to the citizens of Hancock County and the State of Mississippi that Hancock County is capable of managing its affairs.

We would recommend at this time that you consider a centralized equipment pool to replace the seven existing county maintenance units. A proposed site for such an operation could be the recently inaugurated Hancock County Airport. This location is centralized; there is county property, water, sewerage, and power available. The area is fenced, and there is full-time security, all of which could be utilized with a minimum of cost. Should the Supervisors adopt such a far-sighted program at this time, the General Electric Company, in order to assure success, would like to offer, without cost to the County, to establish the procedures necessary for the operation of the new maintenance program. This would include a system of work orders, establishment of priorities, a method of time-keeping, scheduling of equipment by availability and priority, and a preventive maintenance program for all equipment. We will also make recommendations on the administrative and organizational staffing necessary to do the work in the most efficient manner.

We are looking forward to helping you with this program in the very near future.

Sincerely,

Jack
John R. Picard
General Manager

Reprint From The Daily Herald I-10 Completion To Hurt Tourism Pollster Predicts

By Jim Sellers
Daily Herald Staff Writer
Bay St. Louis, Miss.

A pollster has predicted that the I-10 will hurt tourism in Hancock County. The pollster, who has been conducting a survey of the tourist trade in the area, says that the completion of the I-10 will result in a 60 percent loss of tourists to the area.

Abram, now a resident of Miami and Jacksonville and a former resident of the Coast, warned Gulf Coast Chambers of Commerce that the hotel, restaurant and tourist industry will suffer greatly when the east-west super high-way turnpike I-10 is completed from Jacksonville to New Orleans.

Abram contends that motorists bypassing the Biloxi-Pascagoula-Ocean Springs area will represent a 60 percent loss of driving straight through.

These are facts, Abram stated, based on surveys he has made, those made by the Florida State Highway Department and other Florida interests involved in the I-95 which runs north and south to Miami from the East Coast to Jacksonville. He said more than 25,000 motorists located on U. S. 1 from Jacksonville south to St. Augustine "know the answer." Most surveys show, he said, that where I-95 begins in south Jacksonville and U. S. 1 also goes south, that more than 60 percent of the motorists bypass St. Augustine and other cities including Bunnell, Riviera Beach and Daytona Beach.

"Hundreds and hundreds of service stations, motels, restaurants, gift shops and other shops, including orange juice stands, have closed and this includes many of the Home and Stuckey establishments."

He predicted that Daytona Beach, one of the great summer resort areas in America, will attract more than a million tourists a year. Daytona Beach, he said, prepared for the 195 loss in business by opening "Welcome to Daytona Beach Information Booths and Free Orange Juice Booths."

This, according to Abram, supported by the Chambers of Commerce and the restaurant association has held on to 60 percent of the business although 32 percent of the tourists still bypass the area.

Norman A. Roschaw

Norman Andrew Roschaw, 68, died at 8:45 a.m. Sunday at his residence, 600 Highland Drive.

A native of New Orleans and a resident of Bay St. Louis, Mr. Roschaw was president of H. and S. Roschaw, Inc., Shipyard Company of New Orleans and a member of the board of directors of Hancock Bank. He was a past president of Bay-Waveland Youth Club, past chairman of the Pass Christian Golf Club board and a member of the Bay-Waveland Club of New Orleans.

Survivors are his widow, Mrs. Christine Roschaw, Roschaw, his mother, Mrs. Georgiana Roschaw, and a sister, Miss Kathleen Roschaw, all of Bay St. Louis.

Funeral services were held Monday morning from 10:00 a.m. to 12:00 p.m. at the First Baptist Church with Rev. Dr. J. M. Mumpster, pastor, officiating. Interment was in Garden of Memory Cemetery.

He asserted that the Mississippi Coast should not be misled into thinking that the east-west travelers over I-10 will detract from the area. He said a survey shows that 80 percent will bypass the area.

We actually know that all straight through from Mobile to Jacksonville, people traveling the Mississippi line. A good example is the 80-mile strip of I-10 running from Greenville, Fla. to within 12 miles of Mobile.

Here such towns that enjoyed a big tourist trade like Milton, the western part of Crestview and Pensacola have suffered by I-10.

Another example, he said, is I-10 that extends from Jacksonville nearly to Madison shows that 50 percent of the motorists and travelers bypass towns like Baldwin, Marysville, St. Mary's Lake City and Live Oak towns that thrived on the tourist dollar.

When I-10 is completed from the Mississippi line to Louisiana, a Pascagoula-Biloxi-Ocean Springs and other Mississippi Coast cities will lose 60 percent of the tourist and motorist business, he predicted.

Our readers write

Editor, Sea Coast Echo:

As Director of Hancock County Welfare Department and Administrator of the Commodity program I would like to correct an erroneous impression made by the article appearing in the June 4th issue entitled "Commodity Program Needs Expansion."

The article stated that more than 1100 HOUSEHOLDS were certified to receive commodities in April. The figure should be 115 PERSONS received commodities in the month of April, or a total of 385 HOUSEHOLDS. In May the distribution increased to 1218 persons or 404 HOUSEHOLDS which represents only an increase of eleven families.

The commodity program has grown substantially in the amount and variety of food items now available for distribution to eligible recipients and their families.

In 1969 we were distributing 10 items of choice foods to approximately 1100 persons, whereas at this time we are distributing 25 items which allows for a more varied and nutritious diet. Eggs, milk, canned turkey, chicken, canned milk and vegetables are among the items added. In the next few months we expect the addition of two more items. Certainly the people of Hancock County can feel proud of the fact that this to one of the few counties in Mississippi which has had a complete commodity program all year round for all needy persons since 1964. The cost of this program, with the cooperation of the food donated by the U. S. Department of Agriculture has been paid for by the people of Hancock County through the Board of Supervisors. The Welfare Department's administration of the program, demonstrates efficiency and keeps the books, categorical.

Distribution points are expanded in the proposed expansion plan would be more extensive to operate and would definitely cost the County more

than is spent now on the present program. Applicants for Commodity must come to the Commodity Office to be certified; however, provisions are made for pickup by designated parties when the head of the household cannot come to pick up for valid and verified reasons beyond his control.

Neighboring Harrison County, now in the Food Stamp program, with a population of some 15,000-152,000 only serves an average of 600 people, or about 185 families. Jackson County, also in the Food Stamp program, with an estimated population of 65,000, serves an average of 2100 people, or about 700 families. From these figures you can see the 1100 households or families reported as receiving commodities in Hancock County is a very much exaggerated figure.

Sincerely,
(Mrs.) Frances S. Proctor, Director Hancock County Welfare Department.

LETTER TO THE EDITOR

Are we the taxpayers going to pay for and let an administration that has been nothing but what they are doing, from the point of view of everything up to high that we can't pay for it. We are now faced with a 10 percent increase in the cost of utilities. This means 8 percent more for electricity, 10 percent more for gas, 10 percent more for water, 10 percent more for telephone, 10 percent more for mail, 10 percent more for insurance, 10 percent more for health, 10 percent more for education, 10 percent more for housing, 10 percent more for food, 10 percent more for clothing, 10 percent more for recreation, 10 percent more for transportation, 10 percent more for communication, 10 percent more for entertainment, 10 percent more for health care, 10 percent more for education, 10 percent more for housing, 10 percent more for food, 10 percent more for clothing, 10 percent more for recreation, 10 percent more for transportation, 10 percent more for communication, 10 percent more for entertainment, 10 percent more for health care, 10 percent more for education, 10 percent more for housing, 10 percent more for food, 10 percent more for clothing, 10 percent more for recreation, 10 percent more for transportation, 10 percent more for communication, 10 percent more for entertainment, 10 percent more for health care, 10 percent more for education, 10 percent more for housing, 10 percent more for food, 10 percent more for clothing, Four Sentenced
Now In Jail

Four Californians, **Laurel
Rosen**, his wife **Janice Rosen**,
John Ireland and **Margie Enoch**,
are in the Hancock County jail
after being sentenced June 16,
in Judge Earl Lader's Court
to 25 days in jail for collecting
without a permit to collect.

The quartet was arrested
July 11, at a filling station in
Kiln by deputy sheriffs M. B.
Jazstrom and R. G. Turbenton
about 8:00 p.m. after the Co-
peland who were patrolling in
plain clothes had observed them
collecting a 22 caliber rifle to
Terrillo Canyon of Kiln.

The Californians then ap-
proached the deputies and of-
fered a gun bolt and holder for
sale. When questioned if
they had a permit to collect
the officers found they had no
such permit, the group was
taken into custody.

The group was traveling in
a well loaded station wagon
and during investigation two
Browning .303 rifles were found,
another .22 caliber rifle, tools
and components for reloading
the .303 ammunition together
with a quantity of ammunition.

Investigation and communi-
cation with California officers
disclosed that Laurel Rosen was
awaiting trial in a California
court and had jumped bond in
a municipal court. He had also
served time for murder accord-
ing to the California officers.
Ireland, the California lawmen
said had a repeat stolen car
record. Further investigation
is underway.

REV. PIERRE MISSEY, S. T.

New Assignment
For Kiln Priest

A farewell pot-luck supper
will be held for Father Pierre
Missey, S. T., at Annuncia-
tion School gym at Kiln at 7:00
p.m. Sunday, June 21.

The Trinitarian priest, As-
sociate Pastor at Annunciation
Parish since September, 1967,
is leaving the week of June 21
for a new assignment in Rio
Piedras, Puerto Rico. He will
be one of seven priests working
at Our Lady of Lourdes Parish
where there are 98,500 Catho-
lics.

At Annunciation Father
Pierre has worked with the
lectors and commentators,
altar boys, and members of a
Bible discussion group. He
helped organize the annual pa-
rish fair each summer. He has
visited the hospitals of the area,
helped coordinate the grade
school religious education pro-
gram for Hancock North Cen-
tral students and has perform-
ed the numerous other duties
of any clergyman.

Father Pierre was born in
Massachusetts in 1939 and at-
tended the seminary near
Phenix City, Alabama for high
school and college. He took his
theology training at Winchester,
Virginia and was ordained there
in June, 1966. He served a three
month temporary assignment in
Kilmarnock, Virginia and a one
year assignment in Cleveland,
Ohio, before coming to Kiln.

The religious congregation,
the Missionary Servants of the
Most Holy Trinity, better known
as Trinitarians, was founded in
1929 by the late Father Thomas
Augustine Judge, C. M., in Ala-
bama and operates 93 parishes
and missions in fourteen states,
the District of Columbia, Puerto
Rico and Ecuador. On the Gulf
Coast the Trinitarians staff the
Catholic parishes at Clermont
Harbor, Pearllington, DeLisle
and Kiln as well as several
parishes in central Mississippi.

All priests and religious of
the area as well as friends
outside Annunciation parish are
invited to attend the 7:00 p.m.
supper this Sunday. Looking
forward to a big turn-out.

Progress Report On
Trinity Rebuilding

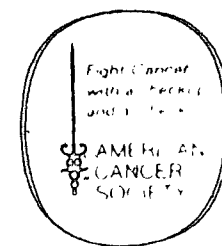

Production goals have been
established by the architect J.
Buchanan Blitch in connection
with the building of Trinity Ep-
iscopal Church in Pass Chris-
tian, according to Durrle B. Har-
din, rector.

In discussing the scheduled
work, Blitch set March 15,
1971 as date of completion of
construction and added the next
step would be installation of fur-
nishings. If all goes accord-
ing to the proposed schedule,
Easter Services on April 11,
1971 will be held in the new
structure.

Scheduled dates begin with
June 22 when the architect ex-
pects to submit to the Build-
ing and Funding Committee a
comprehensive preliminary
plan including a perspective
drawing of the entire devel-
opment. On June 29 the ar-
chitects will proceed with de-
tailed plans, specifications and
construction documents and on
August 10 it is planned that con-
tract documents will be re-
leased to prospective bidders.
By September 15, successful bi-
ders are to be awarded con-
tracts leading to a six-month
construction period.

Reverend Hardin said the
church would have a seating
capacity of approximately 240
people and would be built on

the site created by much
as possible the structure of
the beautiful Trinity church
was destroyed in the August
hurricane. He said the funds
of the brass from the original
church had been recovered and
reworked and that the new
windows would be stained glass.
A custom built organ designed for
the church to be on order and ap-
plier to Wicks Organ Company
of Highland, Illinois.

Gulf Coast Data New Role At MTF

Facilities and personnel at Mississippi Test Facility, Bay St. Louis will be used in 1971 to study and analyze the Gulf Coast area, according to Dr. Thomas O. Palma, NASA's director of Space and Aeronautics and Space Research. The new activities will be to use data from the Resources Technology Applications A and B, Apollo manned flights, and aircraft operations, Dr. Palma said.

The principal role of M.T.F. has been ground testing and validation of the first and second stages of the Saturn V. In January a decision was made to use the M.T.F. as a test facility for the Saturn V. The Saturn V will be tested on the vehicle now being completed by the end of 1970 and test stands used in that work will be used on a "standby" status.

In 1971 both the M.T.F. laboratory and the nearby Slickfield computer facility will support the study effort, Dr. Palma explained. He also said the decision to undertake the program is consistent with earlier invitations to other government agencies to co-locate certain study and analysis activities at M.T.F. in order to minimize cost to all participating agencies. NASA's work will be coordinated with related work of other agencies concerned.

Manned flight experiments on the earth resources experiment on Apollo 9, the Earth Resources Aircraft Program, ERTS A & B flights, and ground truth surveys of the area will be the initial sources of data to be studied, it was revealed.

It is expected that about 75 people will be involved in this research and study program, however, the NASA and contractor manpower support requirement has not finally been determined.

Rate Raise...

(Cont. from Page 1-A.)

Dr. Palma said: "When we came into office there was roughly \$28,000 in arrears in utilities."

Gas for the city of Bay St. Louis is purchased from United Gas Co. Arceneaux said and added: "When this company increased their rates by 10% we had to pass it on to the consumer." In this connection the commissioners decided to give to all consumers who paid utility bills by the 10th of the month a 10% discount, and added: "We know of no reason why everyone does not take advantage of this discount since government checks and payroll checks come in between the first and tenth of the month."

Turning to his adding machines to tabulate salaries for city employees for one month Arceneaux came up with \$23,996.28. He said he felt salaries should be increased and that many employees were underpaid.

Since Hurricane Camille there has been a decrease in the number of utilities consumers for Bay St. Louis. There were 2,300 consumers prior to the storm, and presently there are 1,950, according to records in Arceneaux' department.

Volunteers from General Electric made a 10-year summary of indebtedness, and Arceneaux said "They (G.E.) found that a 20% increase would still leave us with a deficit."

Arceneaux said he would like to clarify the misleading statement to the effect that there would be no increase in sewerage rates and explained: "The 50% rate will remain the same, naturally there will be a small increase because of the increase in water rates." In explaining the sewerage charge based on charge of water consumption Arceneaux said that most cities in the United States followed this procedure and that it was "standard practice." Some cities do have a set fee for sewerage service, but the commissioner said it would be impractical since the Bay St. Louis sewerage system started in 1965 and he added: "Most people do not understand that our interest on utilities is fantastic." Displaying as evidence a Ten Year Projection of the Utility System of which Housing & Urban Development of the Federal Government is holder of a \$3,000,000 bond indebtedness with interest at 3 3/4% the schedule revealed 1969-70 fiscal year payment on principal at \$45,000 and interest for that period runs \$110,829.

In reference to the charge of \$1.50 per month for garbage collection the commissioner said: "We made a decision to postpone adding this charge to the utilities bills." He said that the garbage collection fee was necessary, but seemed uncertain as to just when the statements sent out would reflect this charge.

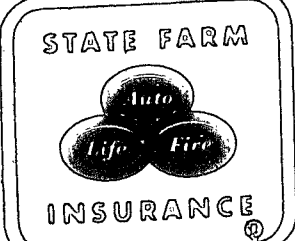

When asked about the number of houses connected to the Sewerage System Arceneaux said: "We have not completed the work of compiling these figures and will have to release that information at a later date."

G. E. Assistance...

(Cont. from Page 1-A.)

gram for all equipment. We will also make recommendations on the administrative and organizational staffing necessary to do the work in the most efficient manner." A REDUCTION OF THE LETTER IS ON THE EDITORIAL PAGE OF THIS PAPER.

At the conclusion of the discussion with the General Electric officials the Board agreed to meet privately later this week to discuss the program in detail with General Electric personnel.

Voters Urged To Register

Voters in both the City of Bay St. Louis and the County of Hancock to be qualified voters in future elections must register, according to local officials. H. E. Engstrom, administration assistant, at the City Hall reports a total of 1,380 persons have re-registered as of June 18, and in the County the number re-registering to date is 660.

Registration Books are broken down in three locations within the City and show 266 have registered in the West Bay Annexed section, 408 in South Bay area and 987 in the North Bay area. During the May 20, 1968 election a total number of votes counted was 2,098 and voters who have not re-registered are asked to come to the upstairs outer office of the City Hall where books are available.

Within the County voters should report to the office of the Circuit Clerk located in the down-stairs of the Court House within office hours to re-register. Spokesman for the County said it would be appreciated if citizens would attend to this matter at their earliest convenience.

R & D Center

Receives Grant

Cong. Wm. M. Colmer has been advised of the approval of an \$85,000 grant by the Economic Development Administration to the Mississippi R & D Center. The grant will be used to help expand established technical assistance programs in 37 countries in Mississippi and the Choctaw Indian Reservation. The Mississippi R & D Center is providing \$85,000 to complete the \$170,000 total cost of the program for one year. Counties included to be served in the 5th Congressional District are George, Greene, Hancock, Harrison, Lawrence, Pearl River and Perry.

HUD Grants Extension On Loan Applications

A requested extension of time for 3% loan applications has been granted to the four Gulf Coast Operation Upturn offices by the U. S. Dept. of Housing and Urban Development. It was revealed today by Waveland administrator H. J. Hughes.

On May 1, 1970, Operation

Birthday

Celebrated

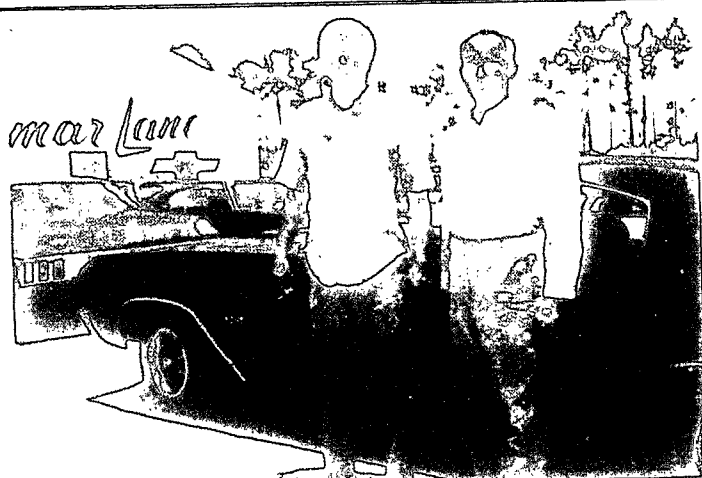

Amy Compretta celebrated her third birthday with a party Sunday afternoon at the St. Charles Street home of her parents Mr. and Mrs. Donald Compretta.

Enjoying the occasion with Amy were Connally and Rob Compretta, Rusty Adam, Tommy Sauzansau, Toni Grogg, Jeannine Watson, Jimmy and Todd Thriftley, Stephanie Cuevas, Hope and Michele Chinchic, Jody Compretta, Jackie Sotak, Shelley Burch, Kerri and Kelly Kingston, Mesdames Robert Compretta, Randy Adam, Norma Grogg, James Watson, James Thriftley, Donald Cuevas, Jimmy Chinchic, J. P. Compretta, Jack Sotak, Stanley Burch and Nolan Kingston Jr.

Biloxi Selected

The Edgewater Gulf Hotel in Biloxi has been selected as headquarters for the American Legion Convention slated for July 17, 18, and 19. Reservations are still open and Commander Murtagh says: "This convention promises to be one of the best with lots of excitement, entertainment, golf tournament, two dances and good speakers."

Echoes

Mrs. Netelle Lassere had as guests last weekend her sister Mrs. William Billore and sons Billy and Mark of New Orleans.

They attended blessing of the fleet in Biland and made a trip to their old home Levee to Dear Island.

They were joined for the day by Mrs. James Sator and children Caroline and Jimmy, former Waveland residents.

L/Sgt. Peter Manfort, who is stationed at May Port, Florida, recently visited his parents Mr. and Mrs. Emile Manfort prior to leaving on a Mediterranean cruise.

Johnny Chevis of Jackson, Miss., visited over the weekend with his parents Mr. and Mrs. John Chevis and family.

Mr. and Mrs. George Stimmel and children Mark, Gene and Laura of Seabrook, Texas, visited over the weekend with her mother Mrs. Peter Chincich.

They were accompanied home by Mrs. Chincich who will spend a while with them.

Miss Clara Kergosien had as weekend guests her brother-in-law and sister Mr. and Mrs. Joseph Blazie of Lafayette, La., and their son and daughter-in-law Mr. and Mrs. Gary Blazie and son Charles of Breaux Bridge, La.

Donald, Tommy and Donna Lynn McDonald of Pascagoula are visiting for a while with their grandparents Mr. and Mrs. Ogden Kergosien.

Mr. and Mrs. Robert Sternecker, their daughter Paula and son David of Kansas City, Mo., have returned home after a visit of several days with her mother, Mrs. Pauline Heitzman and family.

John Pat and Jimmy Quintini of San Antonio, Texas, are spending the summer with their grandparents, Mr. and Mrs. John Damborino.

Sister Ann Madaleno, St. Joseph Academy, New Orleans, who is spending several days in Bay St. Louis is visiting with the Emilio Mandori family.

Mrs. Gladys Chapman and Miss Alma Parker motored to McComb Saturday to attend the wedding of their great-niece Nance Bettye Fountain.

Also accompanying them were Mrs. Bill Chapman and daughter Kathy of Long Beach.

Mr. and Mrs. Gabriel Fouasson have returned from a week's trip to Florida and Georgia.

In Savannah, Ga., they attended graduation of her son Jack Andrew Austin from Richard Arnold High School and vacationed for several days at Fort Walton Beach, Fla.

Mrs. William R. Bullard, the former Dennis Seuzeneau, left Bell Air, Md., June 12 for Frankfurt, Germany, where she joined her husband who has been on a tour of duty with the U.S. Army since February.

Mr. and Mrs. George L. Seuzeneau Jr. visited their daughter for a week prior to her departure.

Mr. and Mrs. Gabriel Fouasson attended open house last Thursday hosted by George Lehlemer, Zenith Distributor, New Orleans, to view the new models; Sunday they attended a showing of the 71 line of Motorolas at Bramblett Sales Corporation.

Donald Baker Jr. left Saturday by jet for Florida where he will visit for two weeks with his paternal grandmother Mrs. Earl Wells at Pompano Beach.

Mr. and Mrs. Manfort were in New Orleans last Saturday to attend the wedding of their niece Miss Ann Raymond.

Bari Depres celebrated his 15th birthday with a party June 8 at the Carroll Avenue home of his parents Mr. and Mrs. Bari Depres.

Gregory Prossell last June 8 for a 60-day cruise on the Motor Vocal Ashley of Chapin Bago Lino, Baton Rouge.

He will return to Camford University, Birmingham, Ala., in August.

Mrs. Neal Burns and children Molly and Pat of Houston, Texas, have returned home after a two-week visit with her mother Mrs. C. R. Boyer. They were joined over the weekend by Mr. Burns.

Peter Bonvenuti Jr. arrived Sunday from Harvard University to spend the summer with his parents Mr. and Mrs. Bonvenuti Sr. at their home on Felicity Street.

Mrs. C. R. Boyer has guests including a grandson, Peter Bonvenuti Jr., Morgan-Pi-Pi-rate and Penelope, who are a couple of Harvard's Classic Cats. Peter, a graduate of Harvard in the Legal Department of General Electric.

On July 1 Mrs. Boyer plans a vacation to be spent in Anaheim, California with Mr. and Mrs. Charles H. Michel and their five children.

Miss Edwina Osborn who underwent recent surgery in Gulfport Memorial Hospital is recuperating in the home of her sister, Mrs. L. F. Bennett.

General and Mrs. John Cook are now occupying their lovely new home located on North Beach Blvd. Although the Cooks have lost two homes on this location to "Bosty" and "Camille", they feel the third time is surely the "charm", and certainly the well-designed, well-constructed house is charming!

WORKS IN MAKING at West Hancock County Harbor and Industrial Area is evidenced by 800 line submarine cable by South Central Bell Telephone. Cable is being hooked into location exchange and will provide automatic dial service to entire industrial complex. On recently were P. E. Harvey, district construction foreman, (right), and T. M. Marsh of port, district plant manager, both with South Central. Two men are in charge of line installation. Cable barge is in background. (Port and Harbor Commission photograph).

K of C Assembly Elects New Head

Nellus Alvah Favre Sr., was elected faithful navigator of Pere Le Duc Local Assembly 1522 Fourth Degree Knights of Columbus at Tuesday night meeting.

Others named to serve for 1970-71 include A. K. Martinovich Sr., faithful comptroller; George Hammer, faithful

thful captain; George Heitzmann, faithful pilot; J. Norton Haas Sr., faithful scribe; Dr. A. K. Martinovich Jr., faithful admiral; Sylvester J. Benigno, faithful inner sentinel; Anthony Morreale, faithful outer sentinel. Trustees are E. J. Arceneaux, Norman J. Benigno and Charles C. Scianca.

Rev. Gregory J. Johnson, pastor Our Lady of the Gulf Catholic Church, was appointed faithful friar.

The new slate will be installed in July.

E. J. Arceneaux was given an honorary Lifetime membership in the Assembly in recognition of his 50 years in Fourth Degree Knights of Columbus.

On June 12 Kessler Air Force Base celebrated its 29th year as a training base. Tent City sheltered Kessler's first students in 1941. For almost three decades Kessler has been a major military installation ranking high as an Electronics Training Center.

One of three children Father Flinn has a brother, Raymond Flinn, living in Sharon, and a brother, Rev. Edward Flinn, pastor of St. Patrick's church Chadron, Nebraska.

Gulfport Seabees Help In Bay Park Project

Seabees from Gulfport are in Bay St. Louis making a survey of 17.3 acres of land planned as the future site of a recreation park having such facilities as tennis courts, basketball courts, and eventually a Club House. This information was released by Robert E. Reighl, Program Administrator for Operation Uptown in Bay St. Louis.

The land has as one boundary the Old Spanish Trail and then there is Nacales Avenue and St. Francis Street. It is owned by St. Stanislaus, and it is understood that an agreement is being worked out between that institution and the City as a long-time land-lease contract will assure the big play ground longevity.

Work being done by the Seabees is gratis. They are a part of the Mobile Construction Battalion 74 and are putting to practical use text books and class room knowledge. When the job is completed there will be a map showing the physical and natural features of the ground. A diagram will show not only drainage, elevation and land contour, but also trees, fences, buildings, etc. Jimmy Chancellor of Memphis is the Engineering Aid Instructor and his work crew includes Jim Yeager, CM; Jerry Christy, CM; Wayne Marsh, EA3; Mike Bradford, CM; Paul Giesclair, EA3; and Frank Johnson, S. A. "If all goes well," Chancellor says, "the job will be completed by Friday."

The survey—the maps—the diagrams, the what? "Well, explained Chancellor, "after the

HANCOCK COUNTY 4-H CLUBS junior livestock judging team took second place at the T and S Ranch sponsored field day at Wiggins. (L to R) Phyllis Lee, Lora Curtis, Keith Lee and Laron Whitfield. The boys hold the team award while the girls hold the individual award which was won by Phyllis for high individual. The T and S Ranch is owned by Mr. and Mrs. Frank Tru.

MSU Honor Students

Two Hancock County residents were among the approximately 2,000 scholars at Mississippi State University who qualified as members of the Doane's List and President's List for the Spring semester.

In order to qualify for the President's List, a student must

average at least 3.5 out of a possible 4.0 for the semester. These students named to the Doane's List must have a 3.0 average.

Lanny David Baker was the only Hancock County resident to be on the President's List and Ronald C. LaFontaine was the only resident on the Doane's List.

MR. AND MRS. JAKE MORREALE AND FAMILY ACCEPT DELIVERY OF NEW CHEVY STATION WAGON FROM LAMAR-LANE SALESMAN J.C. KOENEN.

Mr. and Mrs. Jake Morreale of Bay St. Louis decided that it was time to buy a new car. The last new car they bought was from salesman J.C. Koenen at Lamar-Lane Chevrolet, and they were very happy with the deal given them. This time they decided that they would like to purchase a station wagon. J.C. Koenen gave Mr. and Mrs. Morreale a Lamar-Lane price on a new 1970 Chevy Station Wagon that was a good deal, and they drove it home. Many Lamar-Lane customers when they decided to change cars on a new model return to Lamar-Lane Chevrolet, because they were happy with the previous deal. Mr. and Mrs. Morreale recommend J.C. Koenen and Lamar-Lane Chevrolet to all their friends in need of a new car, station wagon or truck. Thinking about buying a new car, truck or station wagon, visit Lamar-Lane Chevrolet and ask for salesman J.C. Koenen, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. JAKE MORREALE (A Gerry Lane Enterprises) Adv. Bay St. Louis, Miss.

Mrs. George Curet

Retires From Bay High

After three decades of service as an educator in the Hancock County Schools, Mrs. George Curet retired. She was a dedicated teacher and administrator. Her favorite day was a soft lemon yellow and she also finds the pink-tinted ones enchanting. The Curets have a home in Kiln and the quiet atmosphere lends itself to the joy of uninterrupted hours of reading. "I am never bored in my home," Mrs. Curet explained and she meant it. Possibly a dozen grand children — each loved devotedly in a very special way — will satisfy the teacher's urge to discover with young people the beauty of all things in nature and the amazing and interesting things to be found within the covers of books.

Affiliated with the Main Street United Methodist Church in Bay St. Louis, Mrs. Curet's other "outside" activities included serving on the County Welfare Board for 12 years — and in a past President of the Hancock County Teachers' Association as well as President of the University of Southern Mississippi Alumni Association.

A grateful community joins in wishing Mrs. Curet a happy retirement. Husband, George, who operates and owns a General Store in Kiln shares in the joy of this retirement.

NEW SCHEDULE

Effective Sunday, July 5, Sunday Mass Schedule at Our Lady of the Gulf Catholic Church will undergo the following changes:

Mass will be offered on Sunday at 8:30, (No 6 or 7 a.m.) 8:30, 10 and 11:30 a.m. and 8:30 p.m. The Saturday Vigil Mass will remain at 7 p.m.

are the leaders of the future. On June 24th at Our Lady of the Gulf Cafeteria there will be a spaghetti supper from 5 to 8 p.m. Donations are only \$1.00, and proceeds go for Troop 208 camp in Arkansas.

Another worthy Benefit will be on June 20th, also at O. L. G. Cafeteria for the local V. F. W. Building fund. Donations are adults \$1.25 and children 75¢. Y'all to me! 5 to 8 p.m.

Don't forget Dad, Papa, father or the "old man" this coming Sunday, June 21st, it's Father's Day and none of us would be here if it wasn't for fathers!

and Mrs. Raymond Ladd, Magnolia Drive have returned from a pleasant vacation to Cherokee, Carolina, Gatlinburg and Pigeon Forge, Tennessee. While in Pigeon Forge, they attended the 10th anniversary of the "Grand Ole Opry". They also took one of the tours and saw the magnificent home of Johnny and Cash, and the home of old Roy Acuff. Mr. Acuff at home and came out to the tourists.

On June 11th at one p.m. in Agricultural Center on New Avenue members of the Waveland Home Demonstration were given lessons on how to make beautiful beaded bottles. Mrs. Jo Ann Pool instructed the ladies in this part of the Home Demonstration Craft workshop.

The following Waveland residents have been or are still in Hancock General. Needed to pay all are sent get releases. Mrs. Mary Ada, Mrs. Thelma Landry, Mr. James Farve and Mr. Wal-terrough. Get well wishes to Mrs. Carmelita Saucier, Bay St. Louis and Mrs. Paul Weston, a young lady of golden years.

The office of Mayor Gerald Lader under the O. E. have mailed out refunds Waveland residents who spent hard cash to clear their name after Camille. This money was gratefully received.

Miss Christine Anna Darr of Clermont and Mr. Nor-wood of Lakeshore will be married in St. John's Cath-olic Church at 11 a.m. this com- ing Saturday. A reception will be at Jerry and Mary's home in Waveland on High- way 90. All are invited by 5 means. The Garcia-Mc-Intyre wedding will be on Sun- day.

Mr. and Mrs. Harry Kelle-her, Jr. and son Harry III really did in the big ones Sunday morning Jordan River way.

Ladner-Bailey Wed At Our Lady Of The Gulf

The marriage of Miss Marilyn Joyce Ladner, daughter of Mr. and Mrs. Clarence M. Ladner of Bay St. Louis and George Arthur Bailey, son of Mr. and Mrs. James E. Bailey of Memphis, Tenn., was solemnized in Our Lady of the Gulf Catholic Church June 6, Rev. John Kelly performed the double ring ceremony.

Clarence M. Ladner Jr., brother of the bride, read a scripture at the opening of the ceremony.

Mrs. John McConna, organist, played appropriate selections, including "On This Day, O Beautiful Mother." Arrangements of white gladioli and yellow pom poms decorated the altar flanked by potted palms.

The bride, given in marriage by her father, wore an A-line street length dress of lace embroidered cotton fashioned with a high collar of tucked lace. The deep cuffs of the long sleeves were enhanced by rows of lace; tiny pearl buttons adorned the dress front and sleeves. Her lace Mantilla was fastened to a small satin pill box embellished with seed pearls and she carried a bouquet of white carnations and imported daisies.

Mrs. Richard L. Taylor, Fort Lauderdale, Fla., sister of the bride, was matron of honor. Miss Thela Catherine Bailey, Memphis, Tenn., sister of the groom, served as maid of honor and Mrs. Clarence M. Ladner Jr., Pensacola, Fla., was bridesmaid.

They wore Empire dresses of pink embossed organza and carried cascades of white pom poms and Marguerite daisies. James E. Bailey served his son as best man. Groomsmen were Harvey Bailey, brother of the groom, and Richard L. Taylor, Fort Lauderdale, Fla. Kenneth Ladner and Royce Ladner, uncle of the bride, served as ushers.

Following the ceremony a reception was held at the State Street home of the bride's parents.

The bride's table, overlaid with an imported linen cloth, held a three-colored cake trimmed with pale pink spun sugar roses, topped with pink wedding balls entwined with flowers and ferns.

Mrs. Roy Harold Ladner presided at the cake table and Mrs. Edwin Clark, godmother of the bride, was at the punch bowl. Miss Martha Van Peski kept the guest register.

Mrs. Ladner received their guests wearing a long-sleeve dress of green whipped cream and matching accessories. A green cymbidium orchid corsage completed her ensemble.

The mother of the groom chose a pale blue A-line crepe dress, bond accessories and a cymbidium orchid.

Upon their return from a trip through Tennessee, Arkansas and Missouri, the couple will make their home in Prentiss, Mississippi.

Out of town guests include: Mr. and Mrs. James E. Bailey, Miss Thela Catherine Bailey, Memphis, Tenn., Mr. and Mrs. W.D. Weaver, Jackson, Mr. and Mrs. M. Ladner Jr., Pensacola, Mr. and Mrs. Richard Taylor, Fort Lauderdale, Fla., Mr. and Mrs. Randy Harding, Jackson, Mr. and Mrs. Harvey Bailey, Dayton, Ohio, Miss Leah Dutcher, Memphis, Tenn., Mrs. B.C. Griffith, Prentiss, Miss., Mrs. Ruth Maxwell, Memphis, Mrs. C.R. Guin, Mrs. La Rue Sautters, Prentiss, Mr. and Mrs. Roland Hough, Poplarville, Wynn Pigott, Prentiss, Mr. and Mrs. H.J. Lavinghouse, Bogalusa, La., Mr. and Mrs. Sam Price, Louisville, Ky., Miss Sara McNeill, Mr. and Mrs. W.T. Bridges, Prentiss and Miss Linda McKernott and Miss Mamie Brock, Jackson.

Security Room Added At HGH

Hancock General Hospital now has one room available where maximum security, when needed, is assured according to a statement made by H. J. Blackledge, administrator for that institution. In describing the room Blackledge said it was equipped with maximum security cameras and the windows were of shatter-proof glass, the door also in break-proof material secured with a double Yale lock. Usual equipment such as lavatory, mirror, lights, TV can either be removed or installed off when it comes necessary.

Blackledge said the room has been used "a few times" and the cases occurred when sick and dangerous patients were admitted for treatment. The room could be made available for any seriously disturbed mental patient and is so designed to allow nurses to view patients from time to time to observe their actions and, if necessary, administer prescribed treatment.

Contact Let According to Blackledge about 142 feet of natural ducts will have to be replaced as a result of storm damages occurring last August. To replace the ducts is difficult since clearance between ground level and building is about 28" to 30" and workmen will have to work in cramped and close quarters. A contract for this work was awarded to low bidder, Dillman Insulation Service, a branch of Dillman Roof and Metal Works on Washington Avenue, and in the amount of \$2,650.00. This work, reportedly will get under way immediately.

Grounds Improved The lawn, trees, shrubs and general landscaping of Hancock General Hospital is progressing nicely. Prior to Camille some 250 boxwood plants lined the walkways. Many did not survive the elements and recently 100 young plants replaced dead shrubs, however, according to Blackledge, there were not enough plants available to complete the job and another 30 plants are needed for the North

FROM ANSLEY

MRS. AUGUST LADNER
PHONE 467-7471

Happy Birthday goes to Clarence C. (Sheeter) Green on June 16th. Sheeter is stationed in Germany.

Mrs. Willey Green of De Ridder, La., returned home after a visit with her daughter and son-in-law, Lois and Alton Ladner. Going back with her were her two granddaughters, Lisa and Belinda Ladner.

My sister, Elvena Cuevas, is home after having surgery in Methodist Hospital in New Orleans. She is recovering nicely.

We are proud of our ball team. They came home with a beautiful trophy Sunday won in a tournament in Dedaux.

Leona Green received word from her son Clarence (Sheeter) stationed in Germany that his wife Jewel had arrived there on June 4th. Best of Luck, Sheeter and Jewel.

Bill and Ora McDowell were over for the weekend. Their grandson was with them.

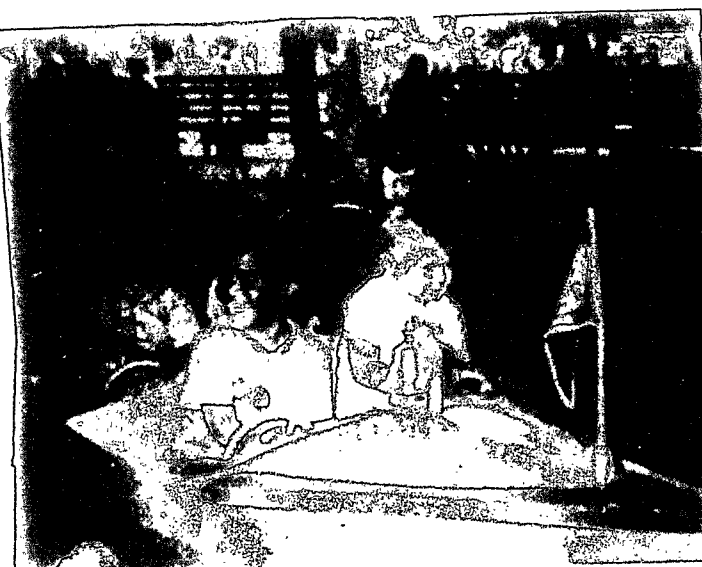

Sympathy goes out to Habby Adams. His sister passed away this week.

Students Plan European Tour

Several students from Christ Episcopal Day School will earn a half credit in Social Studies this summer while studying and sightseeing in five European countries. The students, together with high school students from other Gulf Coast schools will fly from New Orleans to Madrid on June 20. Miss Diane Feller, a language teacher in Christ Episcopal will serve as one of the counselors.

Countries on the agenda include England, France, Germany, Spain and Italy. Plans are to spend much time in class rooms and have one free day in each country to sightsee. Each student is responsible for her own expenses.

Making the trip from Christ Episcopal will be Allison King, daughter of Mr. and Mrs. Thomas King; Nancy Lynn Roberts, daughter of Mr. and Mrs. T. N. Roberts, Jr.; Jill Dedaux, daughter of Mr. and Mrs. Jack Dedaux; Mary Alice Hursey, daughter of Mr. and Mrs. Francis Hursey; Sandra Johnson, daughter of Mr. and Mrs. W. Roderick Johnson; Kimberly Fennely, daughter of Mr. and Mrs. W. Fennely; and Janet Ellis, daughter of Mr. and Mrs. J. C. Ellis, Jr.

ALL SMILES ON Flag Ship Lolly-Pop -- Head Start Program is understandably popular with local children many experiencing for the first time the joys of a city park recreation area.

For Women Only

By Mrs. Nunez C. Pilet

If you haven't discovered Amway products then here this good news: There is an Anti-Tarnish Silver Polish put out by this company that cleans, polishes and protects both sterling and plated silver. It stays bright up to six months and with practically no rubbing the silver takes on a satin-like mellow glow. These people also have a metal cleaner that polishes copper, brass and stainless steel with equal success. We tried this metal cleaner on two very badly tarnished brass trays and the results were unbelievable.

And for you who enjoy bar-

becuing, but not the clean-up following, there is a product called Oven 'N Grill — the trick is to spray a coating on the grill (it's invisible and harmless) and drips, spills and splatters simply can't stick to the surface!

To add a little extra goodness to your green string beans try a few shakes of dill weed, this spice lends its soft to all green foods and is excellent with beans.

Speaking of spices, the chopped chives make a nice topping on potatoes, very tasty in stowed tomatoes, and just the right touch when sprinkled over any broiled fish.

Eggs are a good buy this week and there are many wonderful ways to prepare them such as omelet with mushrooms, stuffed, curried, boiled and in cream sauce.

In A Recent Study

In a recent study made by Robert Rosenblatt it was learned that the nation's leading gasoline marketer is Texaco with Shell Oil in second position. Major companies sell most of the gasoline with the ten top brands making 63 percent of the total sales.

MR. AND MRS. WHITNEY CARVIN, JR. OF BAY, LOUIS ACCEPTED DELIVERY OF THEIR NEW MONT CARLO FROM L. KOENEN, LAMAR-LANE CHEVROLET SALES-

MAN. Mr. and Mrs. Whitney (Stinky) Carvin, Jr. of St. Louis wanted to buy a 1970 Monte Carlo by Chevrolet. They looked around a bit and got a few prices. Then they visited Lamar-Lane Chevrolet where they talked to popular salesman J.C. Koenen. The price the Carvins received from salesman J.C. Koenen was the best price offered them by any dealership. They are very happy with their new Monte Carlo and want to recommend Lamar-Lane Chevrolet and salesman J.C. Koenen to all of their friends in need of a new car or truck. Young folks, old folks and middle aged folks like the type of deals offered by Lamar-Lane Chevrolet on 1970 Chevys. They have the car for any age group. If you're thinking about the purchase of a new car or truck, before you buy, shop Lamar-Lane Chevrolet and talk to salesman J.C. Koenen, he could save you many dollars.

Rocky Hill - White Cypress News

By Jeanette Bream

Mr. and Mrs. Ira Trahan and son, Mike of Franklin, La. spent the weekend with us. Mike will spend the summer with us.

Get well wishes go out to Berlyn Cuevas, son of Mr. and Mrs. Rufus Cuevas, and to Anthony Nicolas, son of Mrs. Betty Jean Nicolas, who are both patients in the Lucius O. Crosby Memorial Hospital in Picayune. Both are in the same room, and both have pneumonia.

There will be a special "Youth Mass" with folk songs and guitar music on Sunday, June 21st, at the usual 8 o'clock Mass at the Kila Church. All the young people of the parish are encouraged to attend this Mass since it is hoped that it will be most meaningful for them. All of the parish, young and old are most welcome.

Annunciation parish will have a pot luck supper at 7:00 Sunday, June 21st, at the Annunciation gym, in honor of Father Pizarro, who is being transferred to Puerto Rico, the end of this month. So let all bring a covered dish, and come out for this farewell party.

The old white summer school opened on Monday, June 15th, at North Central School. Classes are from 7:30-11:30 daily.

Annunciation School will start their summer school on June 22 thru July 31st, from

9:00-12:00. Only those students who are specifically accepted for this program may attend.
